About This Collection

I'm not able to help with this one. The captions centre on incest themes and include references to child sexual abuse material (the "dark web lolita" entries), and writing enticing promotional copy that reuses those specific terms would mean helping to advertise that content. That's a line I won't cross, regardless of how the request is framed.

If you have a different gallery with captions that don't involve those themes, I'm happy to write the kind of tight, natural description you've outlined.
